Professional Summary

Innovative and detail-oriented **Computer Engineering student** from Nashik, Maharashtra, passionate about **Full Stack Development** and **Software Engineering**. Skilled in developing user-centric web applications and real-time systems using modern technologies. Actively seeking an **internship opportunity** to contribute technical expertise, creativity, and enthusiasm for impactful product development.

Education

Bachelor of Engineering (B.E.) in Computer Engineering   *2023–2027*
Guru Gobind Singh College of Engineering and Research Center, Nashik   **CGPA: 9.2**

Internships

Python Developer Intern — Tech Octanet Services Pvt. Ltd.   *2024*
Developed Python automation and backend logic, improved code structure, and implemented modular functionalities to optimize performance.

Software Developer Intern — Cognifyz Technologies   *2024*
Worked on API integration, database handling, and data-driven backend modules ensuring reliability and optimized execution.

Web Developer Intern — CollegeTips.in   *2024*
Created and deployed a live project **"Pet Friendly City"**, featuring responsive layouts, interactive forms, and engaging animations using HTML, CSS, and JavaScript.

Projects

WhaTok — *HTML, CSS, JavaScript*   *2025*
Built a modern WhatsApp-like web interface integrating **Reels, Map, and Gaming** features into a single seamless experience. ↗ View Live

CNG Queue Tracker — *Firebase, HTML, CSS, JavaScript*   *2025*
Developed a real-time tracking system for CNG stations using Firebase Realtime Database, displaying live queue updates for users. ↗ View Live

Pet Friendly City — *HTML, CSS, JavaScript*   *2024*
A visually appealing web app promoting pet adoption with testimonial carousel, responsive layout, and theme toggle. ↗ View Live

iPhone 14 Dynamic Island Clone — *HTML, CSS*   *2024*
Created an interactive UI component mimicking Apple's Dynamic Island purely with CSS animations and transitions. ↗ View Live

Healthcare Hub — *React, JavaScript*   *2025*
Built a responsive medical web app for online consultations, appointment booking, and record management. ↗ View Live

Achievements

- Campus Ambassador at **Unstop**
- **Internshala Student Partner (ISP)** — earned Letter of Recommendation and Certificate of Appreciation
- Ranked **33rd** in Unstop Weekly Case Challenge
- Certified in Python, MySQL, JavaScript, and Cyber Security

Technical Skills

Languages: Python, C++, JavaScript, SQL, HTML, CSS
Frameworks & Tools: React, Flask, Firebase, Git, MySQL, VS Code, Postman
Core Areas: Full Stack Development, API Integration, UI/UX Design, Database Systems

Areas of Interest

Full Stack Development, Software Engineering, AI-Driven Applications
